# Assault Rifle Course

## Tactical Rifle/Pistol Course (Advanced)

Our Advanced Tactical Rifle/Pistol (Assault Rifle) Course is designed for the individual with basic tactical and marksmanship skills & experience, from the military and law enforcement fields. The course is reserved to active duty military and police personnel only. The tactics and techniques of this course have been developed and refined by your primary instructor on both the mean streets of America as a Police SWAT Team Commander and in the dangerous provinces of Afghanistan as a US Army LTC - Tactical Security Advisor for a United States Government Agency in the field. These tactics are equally useful to you whether you are Military or Police. This is *not* a normal 'stand and shoot' day at the range...this will be a fast paced and challenging tactical course of shooting on the move. You will learn not only the tactical capabilities of your rifle but more importantly – you will learn the tactical capabilities of yourself! This active and aggressive course will focus on precision fire...making each and every shot count. You will learn to shoot on the move. You will learn to defeat the criminal/terrorist/enemy combatant who is wearing body armor. You will learn to recover your wounded partners under fire. You will learn to accurately shoot from any position. You will learn to TAKE THE FIGHT TO THE ENEMY. Move-Shoot-Fight-Win!

Be prepared, upon successful completion of the training you will be awarded the Police Assault Rifle (Patrol) Badge & Certificate! One of the most prestigious badges earned and awarded to United States Police SWAT/Commando Units nationwide.

*The EPA's Combat Training Center can conduct an Advanced Tactical Rifle/Pistol (Assault Rifle) Course at your location using our Mobile Training Team - MTT. Using your equipments, weapons and ammunition we can tailor and customize the course to your equipment and tactical requirements.*
